

Columbus and Genoa, in expressing their satisfaction for the consolidation of the friendship between the two Municipalities, which encouraged a better knowledge and sistership between the two communities and which has been significantly demonstrated by the scientific collaboration between the Ohio State University and the University of Genoa,

Express

the will to keep permanent links between the two Municipalities and

Agree

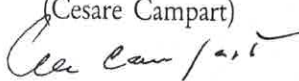

to sign a proposal for a "Program of Cooperation" in the sectors indicated in the articles below, as an opportunity to meet and improve the mutual knowledge:

- article 1: the two cities and the two Universities (for matters within their province), undertake to carry out the "Program of Cooperation", covering the following areas of activity, which are of mutual interest: culture, trade, tourism, sports, medicine, science and education;
- article 2: within the "Program of Cooperation" the two cities and the two Universities (for matters within their province) will encourage the activities promoted by public and private bodies and associations, to strengthen the friendship and widen the areas of interest as per the previous article.

Undersigned in Genoa, Tursi Palace, on March 25, 1987 in English and Italian.
